

Torque screwdriver holder, maximum torque: 500 cNm

Order data

Order number	659991 500
GTIN	2050001922328
Item class	66F

Description

Suitable for :

Interchangeable blades for Torx® No. 659995 and Torx Plus® No. 659996 and also set No. 659990.

Direction of tightening: Right-hand tightening

Torque measuring accuracy: ± 6 %

Torque measuring accuracy: ± 6 %

Torque range: 60 - 500 cNm

Torque range: 0.6 - 5 Nm

Technical description

maximum torque	500 cNm
Torque range	60 - 500 cNm
Torque measuring accuracy	± 6 %
Torque range	0.6 - 5 Nm
Reversible reading	Nm
Measurement process	Torque

Feedback	triggering
Adjustable trigger value	pre-set
Connection format	exchangeable blade
Trigger principle	mechanical short-travel release
Setting the trigger value	pre-set
Series	Dinaplust
Direction of tightening	Right-hand tightening
Data can be recorded	no
Release signalling	haptisk
Measurement technology	mechanical
Torque fixed setting	yes
Type of product	Torque screwdriver
