

**PARAT** 
**X-ABS tool case with base shell, 2 tool boards and TSA locks**

**Order data**

Order number	692520
GTIN	4006793800717
Item class	63X

**Description**
**Version:**

**X-ABS** is extremely impact resistant, tough and thus **suitable for air travel**. The surface is scratch-resistant, **non-slip (rubberised effect)** and **does not damage surfaces**. Double aluminium frame with **integral toggle cylinder locks**, positioning hinges with stop, and base studs.

1 base shell with cover board with sub-divisions, height 88 mm.

**Internal fitments:**

1 tool board with 25 shaft pockets and 1 securing pocket 400 mm, 1 tool board with 10 shaft pockets, 1 cover board with 15 shaft pockets and 1 securing pocket 400 mm and 1 document pocket with 2 business card pockets and 2 penholder slots.

TSA locks: When travelling to the USA these locks can be opened for searching and relocked by the US "Transportation Security Administration" (TSA) using a master key. Forcible opening of the case (irreparably damaging the locks) for searching can thus be avoided.

**Note:**

Case available with other type of lock on request.

Characteristics case: suitable for air travel

Internal dimension length: 470 mm

Internal dimension width: 210 mm

Internal dimension height: 360 mm

Volume: 36 l  
Weight: 5.4 kg

## Technical description

Internal dimension height	360 mm
Internal dimension length	470 mm
Internal dimension width	210 mm
Volume	36 l
Weight	5.4 kg
Material	X-ABS
Type of tool storage	Shaft pockets
Case load capacity	30 kg
Characteristics case	suitable for air travel
Type of product	Tool transport system

## Accessories
