JOKARI original

Wire stripping tool, for max. cable Ø: 4,4 mm

Order data

Order number	728627 4,4
GTIN	4011391203105
Item class	76C

Description

Version:
Very sturdy, lightweight body made of glass fibre-reinforced plastic. The blades adjust automatically to the various cable diameters. The insulation is cut and removed in one operation.
Application:
For all commonly-used **sensor and actuator wires** with PUR or PVC external sheath, 3-core to 8-core cable, screened or unscreened (e.g. $3{\times}0.34$ mm^2 unscreened up to $8{\times}0.25$ mm^2 screened).
Manufacturer's type designation: Sensor Mini
overall length: 166 mm
for round cable Ø: 3.2 - 4.4 mm
