

**martor****SECUMAX safety scissors, overall length: 216 mm**

## Order data

Order number	769245 216
GTIN	4002632921339
Item class	76F

## Description

### Version:

Ergonomic 2-component handle. Blades of non-rusting stainless steel for very good cutting characteristics and long working life. The special profile of the blades protects against cutting injuries and rounded tips reduce the risk of puncture wounds. With rotation notch especially for wires and cables, and with claws for untwisting of catches.

### Application:

Paper, paperboard, cardboard, fabric, film, and much more
