

## Carbide-tipped hammer drill SDS-plus, Ø×overall length: 12X600 mm

### Order data

Order number	789000 12X600
GTIN	4002395336746
Item class	76G

### Description

#### Version:

The 3 special Power Breaker projecting teeth of the M2 generate micro-cracks in the material being drilled, these promote quicker advance by the drill and faster removal of material. The high quality carbide tip with particularly strong brazed joint guarantees long tool life, even in reinforced concrete. The reinforced core flutes (KVS) are vibration-damping, so the impact energy is transmitted directly to the drilling tip.

#### Application:

For drilling concrete, natural stone, and masonry.

#### Note:

When using extra long drills (> 500 mm), first drill a pilot hole with a shorter drill of the same diameter (prevents bending and breakage).

Shank: SDS Plus

Flute length: 550 mm

### Technical description

overall length	600 mm
Ø	12 mm
Flute length	550 mm
Number of cutting edges Z	2
Tool material	Carbide
Use with impact / without impact	Impact drilling
Shank	SDS Plus

Type of product

Masonry drill
