

## Carbide-tipped hammer drill "5" SDS-plus, Ø×overall length: 25X450 mm

### Order data

|              |               |
|--------------|---------------|
| Order number | 789005 25X450 |
| GTIN         | 3165140028158 |
| Item class   | 76K           |

### Description

#### Version:

Active centring tip for active drilling in concrete. The high quality carbide tip with particularly strong brazed joint guarantees long tool life, even in reinforced concrete.

#### Application:

For drilling concrete, natural stone, and masonry.

#### Note:

When using extra long drills (> 500 mm), first drill a pilot hole with a shorter drill of the same diameter (prevents bending and breakage).

Shank: SDS Plus

Flute length: 400 mm

### Technical description

|                                  |                 |
|----------------------------------|-----------------|
| Ø                                | 25 mm           |
| Number of cutting edges Z        | 2               |
| Flute length                     | 400 mm          |
| overall length                   | 450 mm          |
| Tool material                    | Carbide         |
| Use with impact / without impact | Impact drilling |
| Shank                            | SDS Plus        |
| Type of product                  | Masonry drill   |
