### Description

#### Version:

Drill head with square cross-section. Increased drilling speed due to 4-cutter head. Double the service life compared to 2 cutters. Large-volume 4-flute design. TARGET TIP TECHNOLOGY - tip angled more acutely:

more precision when drilling, no slipping along the surface, more aggressive in rebar and greater drilling speed.

PGM certified – verified precise and wall-plug-capable drill holes, both for chemical and for physical anchors. Plastic case

#### Application:

For drilling concrete, natural stone, and masonry – with very high drilling comfort. Very smooth action, perfect for truly circular holes. **4-flute** design for quick clearance of waste material, low vibration, and high stability. Less tiring for the operator and less load on the machine.
