

Pliers wrench, self-adjusting, Type: XXL

Order data

Order number	813740 XXL
GTIN	4013288214713
Item class	63F

Description

Version:

- **Parallel guided, smooth jaws.**
- **New stepless self-adjustment by easy seating on hex-head bolts and hexagon nuts.**
- **Quick and secure screw fastening without removing the socket insert, due to the mechanical ratchet function.**
- **Lever mechanism when gripping avoids slippage and damage.**
- **Particularly small backswing angle of only 30° due to the Vee profiles in the head across the corners.**

Material:

Chrome molybdenum steel, matt chrome-plated.

Material: Chromium-molybdenum steel.

Jaw capacity: 24 - 32 mm

Jaw capacity: 15/16 – 1.1/4 inch

overall length: 322 mm
