

## External and internal hole deburrer, Type: 1

### Order data

Order number	839650 1
GTIN	7290003240630
Item class	83G

### Description

#### Version:

By pushing the pressure bolt at the top of the handle, you can position the deburrer blade **vertically** for insertion into the drilled hole. The **cutting blade operates in both directions**. Rotating it 180° achieves easy deburring. The blade is exchangeable. A hexagon socket screwdriver for changing the blade is stored in the handle.

#### Application:

Ideal for external and internal hole deburring where access is difficult.  
 for hole Ø: 3 - 5.5 mm  
 for maximum hole depth t: 15 mm

### Technical description
