| Order number | 839650 2 |
| GTIN | 7290003240647 |
| Item class | 83G |

Description

Version:

By pushing the pressure bolt at the top of the handle, you can position the deburrer blade **vertically** for insertion into the drilled hole. The **cutting blade operates in both directions**. Rotating it 180° achieves easy deburring. The blade is exchangeable. A hexagon socket screwdriver for changing the blade is stored in the handle.

Application:

Ideal for external and internal hole deburring where access is difficult.
 for hole Ø: 5 - 10 mm
 for maximum hole depth t: 17 mm
