

## Three-leg extractor with pre-adjustable clamping range, Type: 4

### Order data

Order number	880960 4
GTIN	4021176850509
Item class	83U

### Description

#### Version:

Powerful extractor with high clamping force and excellent clamping. Using the adjustment wrench, the symmetrical clamping legs are easily set to the necessary spread. The part to be extracted is **positively gripped**, the **gripper jaws** cannot **jump or slip**.

For external **and** internal extraction.

#### Application:

For extracting tightly seized ball bearings, gear wheels, pulleys and similar parts.

External clamping range: 20 - 250 mm

Internal capacity: 225 - 325 mm

Clamping depth: 50 mm

Depth of reach up to: 225 mm

Power: 10 t

### Technical description

Depth of reach up to	225 mm
Clamping depth	50 mm
Power	10 t

External clamping range	20 - 250 mm
Internal capacity	225 - 325 mm
