

Three-leg extractor with pre-adjustable clamping range, Type: 5

Order data

Order number	880960 5
GTIN	4021176850684
Item class	83U

Description

Version:

Powerful extractor with high clamping force and excellent clamping. Using the adjustment wrench, the symmetrical clamping legs are easily set to the necessary spread. The part to be extracted is **positively gripped**, the **gripper jaws** cannot **jump or slip**.

For external **and** internal extraction.

Application:

For extracting tightly seized ball bearings, gear wheels, pulleys and similar parts.

External clamping range: 30 - 350 mm

Internal capacity: 300 - 425 mm

Clamping depth: 50 mm

Depth of reach up to: 275 mm

Power: 10 t

Technical description

Depth of reach up to	275 mm
Internal capacity	300 - 425 mm
Clamping depth	50 mm

External clamping range	30 - 350 mm
Power	10 t
