

## Adjustable extractor

### Order data

Order number	881100
GTIN	4021176459559
Item class	83U

### Description

#### Version:

The self-locking pins allow individual selection of the clamping range and depth of reach. The extractor is self-clamping and simple to use due to the special design. Extremely large span range due to variable configuration of extractor legs (see diagram).

External clamping range: 100 mm

Depth of reach up to: 70 mm

### Technical description

External clamping range	100 mm
Depth of reach up to	70 mm
Type of product	Extractor tool
